

BRITISH RAIDERS, TAKING PRISONERS; Foe Also Attacks

LONDON, Jan. 15.—British troops north of Lens last night raided the enemy, bombing dug-outs and capturing prisoners and a machine gun, today's official statement declared.

Northeast of Arras, early yesterday afternoon a strong hostile raid was repulsed.

BITTER FIGHTING AND DEFEAT OF COSSACKS REPORTED BY BOLSHEVIKI

LONDON, Jan. 15.—Bitter fighting in the interior of Russia between Bolshevik troops and Cossacks under General Kalendine is reported in dispatches from Petrograd. The Bolsheviks claim to have cleared the basin of the Don river of troops of General Kalendine and gained possession of important coal fields.

The second Ukrainian Regiment is reported to have suffered, with 7,000 rifles and 17 machine guns. The commander is under arrest.

Twelve capitalists of Kharkov have been ordered to donate 1,000,000 rubles for the unemployed.

Hunger riots in Kolonna are reported, resulting in the killing of twelve persons and the wounding of 120 others.

Another dispatch says that idle soldiers in Petrograd are journeying to the provinces and returning to the capital with provisions which are being sold at exorbitant prices.

AUSTRIANS IN ITALY SLOWLY BUT SURELY RETREAT BEFORE FRENCH

PARIS, Jan. 15.—The Austrians have given up almost a mile to the French forces in Italy since the beginning of the New Year, says an official dispatch from the French forces in Italy.

The French took possession of a mountain crest on Monte Tomba early in the year, the Austrians occupying the lower woods. Austrian soldiers were kept busy until a few days ago, when they disappeared.

At a captured inn the French found scribbled on a table:

"We are the last six left here as

EUROPEAN WAR NEWS SUMMARY

Austrian units and heavy howitzers, the latter withdrawn from the Russian front, have been definitely identified on the western front, according to the official statement of Secretary of War Baker today.

Other reports indicate the steady withdrawal of both German and Austrian troops from the Russian front. Evidence accumulates that the preparations for the great Teutonic drive in the west grow.

But there is also every probability that the Germans will take the greater part of the winter to complete their preparations. Statements officially made by the British government in the House of Commons reveal the fact that there are 4,000,000 men in the army and 2,500,000 more in the labor service behind the front. The French are also maintaining their force at its maximum. The American army is being steadily augmented, and today Secretary Baker reports the United States troops ready and eager for battle.

LITTLE ACTUAL FIGHTING.

Of actual fighting in the past thirty-six hours there has been little. The British report German raids southeast of Arras and the enemy artillery action in the St. Julien area, in the Ypres region, as well as southeast of Bapaume.

The Canadians once more successfully raided the German position near Lens. German dugouts were bombed and other military works destroyed, the attacking party returning with prisoners and machine guns.

On the front held by the French there has also been little activity of any consequence. The two armies were somewhat active at several points along the Champagne line and on the right bank of the Meuse, on the Verdun front, especially in the vicinity of Louvemont, where German troop concentrations were brought under the fire of the French guns and suffered considerable losses.

AUSTRIANS DRIVEN IN.

On the Italian front Austrian outposts were driven in, in the region of Capo Sile, on the Piave delta, during a successful raiding attack made by the Italians. The Austrian defenses were destroyed and considerable material captured. On the northern front only desultory artillery exchanges have been reported.

Some further activity was reported today by General Allenby on the part of the British forces north of Jerusalem. Patrol parties were sent forth and penetrated the Turkish lines, whilst British aviators also made reconnaissance. This apparently forebodes some renewal of Jerusalem on a considerable scale against the Turks.

a covering party, and we are going in our hour's time ourselves. Thank you for leaving us. Go in peace."

TROOPS QUIT ROUMANIAN FRONT, LEAVING ARMS

PETROGRAD, Jan. 15.—Russian troops are leaving the Rumanian front in such swarms that the railroads are literally overwhelmed.

Sixty thousand men one day last week passed one station, according to word received here today. Equipment and troops are discarded by the returning soldiers.

The Bolsheviks today brought six

BRITISH AIRMEN DROP BOMBS SUCCESSFULLY ON MACEDONIAN FRONT

PARIS, Jan. 15.—British airmen have made another successful bombing raid on the Cernova railway station on the eastern front, says a dispatch dealing with the Macedonian situation.

The report states further that "west of Lake Dolan British troops successfully raided the enemy lines, and troops are discarded by the returning soldiers."

The Bolsheviks today brought six

MARTIAL LAW REIGNS ALONG COLOMBIA COAST FOLLOWING BIG STRIKES

BOGOTA, Colombia, Jan. 15.—Martial law is in effect along the Atlantic coast here today, following strikes in many industries. The government has taken charge and expects an early end of hostilities between employers and employees.

The strike says an official statement today, have no political significance. The country, inland, is quiet.

MANY TEUTON PRISONERS TAKEN IN OPERATIONS ON THE ITALIAN FRONT

LONDON, Jan. 15.—Successful operations were carried out yesterday by Italian troops around Monte Solone, Monte Spionchio, and Caporetto, according to a report received today from General Piumer, commanding British troops in Italy.

He said many prisoners had been taken.

GOBBLE A CARLOAD OF FISH.

WILLIAMSTOWN, Pa., Jan. 15.—To reduce the high cost of living, Berna C. Keefe, Lycoming county food administrator, assisted by local fish dealers today sold in a public market a carload of Lake Erie cisco at 12 cents a pound. Housewives were eager to buy and quickly purchased the entire supply.

With the success of public sales assured through the experiment on fish the administrator will extend it to other food commodities.

KENTUCKY RATIFIES THE DRY AMENDMENT

"Dry" leaders in Congress are watching with interest the action being taken by the various State Legislatures in the disposition of the constitutional amendment providing for prohibition.

Kentucky yesterday took her place as the third in the ranks of States which have ratified. The vote in the House was 66 to 10, and in the Senate 27 to 10. Virginia and Mississippi were the first States to ratify the amendment.

CALLS ON PRESIDENT.

The new Rumanian minister, Dr. Angelescu, called at the White House today to present his credentials to President Wilson.

BOCHE NEWSPAPER MAKES COMPLAINT OF MILK SUPPLY

Contrary to the hopes of consumers and the promises of the authorities concerned, the milk supply has constantly grown less and the quality worse in Baden towns, states the Munchener Neueste Nachrichten, a copy of which has been received by the Committee on Public Information.

The municipal council of Karlsruhe has, in consequence, addressed a memorial to the ministry of the interior in the name of numerous towns in Baden, making practical proposals for a fundamental alteration of the milk supply.

The towns attribute the insufficient delivery of milk from the country to the defective observance of the regulations, and in consequence ask that the ministry authorize the towns to proceed relentlessly to use all measures of compulsion at its disposal. The delivery of milk for towns should be constituted a public duty for the towns, and entered college at an early age and entered college at an early age.

The towns should be allowed to fix the sale prices of milk. The present conditions, which compel the towns to increase measures to control the milk supply, are to the detriment of the public funds, as the difference between the producers and consumers' prices is not sufficient to cover expenses, are quite untenable.

FATHER LANCASTER WILL BE BURIED THURSDAY

Funeral services for the Rev. Father Clement S. Lancaster, S. J., of St. Aloysius Roman Catholic Church, will be held at the church Thursday morning at 10 o'clock, with burial in the Georgetown University plot reserved for priests.

Father Lancaster, who was seventy-five years old, died yesterday at the rectory of heart disease.

Born in Philadelphia, he began to study for the priesthood at an early age and entered college at Woodstock, Md. He later attended Georgetown University and graduated in 1880 with the degree of Bachelor of Arts. Father Lancaster was the oldest living graduate of Georgetown holding the A. B. degree.

For thirty years he was engaged in parish work in St. Mary's county, where he was helped by his wife, whom he came in contact. For the last nine years he has been associated with St. Aloysius Church. The Rev. Father Paul R. Coniff, rector of St. Aloysius, will officiate at the funeral services.

180 RED CROSS CHAPTERS IN D. C. AND TWO STATES

Dr. J. W. Magruder, director of the Potomac Division of the Red Cross, today reported that with the exception of six counties in the District of Columbia, Maryland and Virginia, the division is completely organized with 180 Red Cross chapters, which are rapidly organizing "Home Service" sections.

The conference of directors for civilian relief in the fourteen divisions of the Red Cross continued in session today at the National Red Cross headquarters, Frank B. Rowland, director general of civilian relief, presiding. The sessions will continue through the week. The first meeting was held at the Willard hotel, where Dr. J. W. WALL ST. MARKET STOCKS ARE HEAVY AT OPENING TODAY.

Every Issue Traded in During Early Hours Suffers Losses From Fractions to More Than One Point.

Union Pacific Most Active of the Rails.

NEW YORK, Jan. 15.—Stocks displayed a heavy tone at the opening of the market today, and everything traded in suffered losses of from fractions to over one point.

Steel common yielded 1 1/2 to 89 and Bethlehem Steel fell 1/2 to 87 1/2. Specialties were under pressure. General Motors yielding over 3 points to 107; American Tobacco 1 point to 156; and Disasters 1/2 to 35. Marine preferred, after advancing 1/2 to 89 1/2, dropped 1/2 to 89.

Union Pacific was the most active of the rails, falling over 1 point to 100 1/2. Reading declined 1/2 to 71 1/2, and New York Central 1/2 to 67 1/2. The copper stocks were fractionally lower.

Liberty 4's sold at 96 1/2, while the 3 1/2's were traded in at 98 1/2.

The market was called upon to stand a great deal of pressure from both long and short accounts, the first hour, and at the same time buying was restricted. The execution of the top loss orders forced Steel common down to 89, a loss of 1 point.

There were declines of from 1 to 3 points in many of the specialties. The railroad issues were weak in the early dealings, but later in the morning recovered most of their losses.

Most of the market was quiet, with only a few issues showing activity.

YOUTH SLIDES DOWN HILL ON RYE SHEAF, JUST MISSES DEATH

HAGERSTOWN, Md., Jan. 15.—George Mellinger had a narrow escape from death and was severely injured when he resorted to the primitive method of sledding on a rye sheaf down the side of South Mountain, near Roubersville. Mellinger escaped with a fractured ankle and so many cuts and bruises that the attending physician did not count them.

Despite his wounds, the youth declared he had a thrilling ride. Mellinger undertook the trip on a wager that he was to get as many ginger cakes, oranges, and bananas as he could eat if he came out of the ride top first on the rye sheaf. He landed in Red Run creek, crashing through the ice.

Mellinger was able to eat two dozen bananas, one-half dozen oranges, and a pound of ginger cakes, which he won, at one sitting.
